Photographers' Guide

Volunteers are too distracted to get good pictures! Can you help?

During Set Up Day

- Pictures of the process!** Happy volunteers, working together to make a special event to earn the money that Supports Our Troops!
- Picture for the Pioneer Press.** Volunteers in front of the Command Table backdrop? Your creativity is welcome.

During Auction Day

- Pictures of the displays!** We need to have a reference of exactly what each display looked like so we'll know how to replicate or modify in the future. Maybe 9:00AM while most people are at the Ceremony?
- Pictures of patrons enjoying the auction.** Maybe some action shots of the Checkpoint Challenge? The Wine Pull? Long view of a crowded hall just after one of the concerts lets out? Again, your creativity is welcome.
- Photographer's choice!** Let your creativity shine!
